-
- 5:30 **Welcome and Introductions** – *Sari Rothrock and Ed Tinney, RK&K*
- 5:40 **IRC Updates** – *Darren Swift, Rachael Gilde, and Joe Ross, MPA*
Darren, Rachael, and Joe will provide an overview of topics on the horizon for the IRC, including a report-out of the 2024 meeting preferences from the small group activity at the winter IRC meeting.
- 5:55 **MDE Risk Assessment: A Stoney Beach Case Study** – *Cynthia Cheatwood, EA*
Cynthia will speak about the risk assessment process that leads to a category determination using the Stoney Beach process as a case study.
- 6:20 **CSI-Environmental Dredged Material Reuse and Management**– *Craig Stevens and Craig Hebert, CSI-Environmental*
Speakers will describe CSI-Environmental’s work, which is focused on innovative reuse of dredged material in geotubes.
- 7:00 **Announcements and Adjourn**
The Innovative Reuse Committee will next convene on August 27, 2024.
